Mayon Thakur

Computer Science Student & SaaS Developer

mayodevs01@gmail.com | mayon.lol | GitHub | LinkedIn

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University (AKTU)

B.Tech in Computer Science | First year

SELECTED PROJECTS

StudyElo | Founder & Developer | studyelo.online

- Built and deployed a study productivity platform with Pomodoro sessions, a focus room, and study-time tracking.
- Developed responsive interfaces and content pages and refined the experience after launch.

StudyElo Notes | Student resource library

- Built an AKTU notes library with semester and subject filtering and an in-browser PDF.js reader.
- Used Cloudflare Workers, D1, and KV for a library with PDF uploads and admin publishing controls.

Tenant Meter | Open-source SaaS usage ledger | Source code

- Built a Node.js and SQLite usage ledger with retry-safe event recording and per-tenant monthly quotas.
- Enforced quotas in an atomic SQLite transaction and added CSV export for usage records.

TECHNICAL SKILLS

Languages and web JavaScript, TypeScript, HTML, CSS, React

Backend and tooling Node.js, SQLite, Cloudflare Workers, Git

ACHIEVEMENTS

Five hackathon wins
